***About LD Micro***

LD Micro was founded in 2006 with the sole purpose of being an independent resource in the microcap space. What started out as a newsletter highlighting unique companies has transformed into several influential events annually (Invitational, Summit, and Main Event).

In 2015, LDM launched the first pure microcap index (the LDMi) to exclusively provide intraday information on the entire sector. LD will continue to provide valuable tools for the benefit of everyone in the small and micro-cap universe.

***About Pointer Telocation***

For over 20 years, Pointer has rewritten the rules for the Mobile Resource Management (MRM) market and is a pioneer in the Connected Car segment. Pointer has in-depth knowledge of the needs of this market and has developed a full suite of tools, technology and services to respond to them. The vehicles of the future will be intimately networked with the outside world, enhancing and optimizing the in-car experience.

Pointer's innovative and reliable cloud-based software-as-a-service (SAAS) platform extracts and captures an organization's critical mobility data points – from office, drivers, routes, points-of-interest, logistic-network, vehicles, trailers, containers and cargo. The SAAS platform analyzes the raw data converting it into valuable information for Pointer's customers providing them with actionable insights and thus enabling the customers to improve their bottom line and increase their profitability.
