About Pointer Telocation

For over 20 years, Pointer has rewritten the rules for the Mobile Resource Management (MRM) market and is a pioneer in the Connected Car segment. Pointer has in-depth knowledge of the needs of this market and has developed a full suite of tools, technology and services to respond to them. The vehicles of the future will be intimately networked with the outside world, enhancing and optimizing the in-car experience.

Pointer's innovative and reliable cloud-based software-as-a-service (SAAS) platform extracts and captures an organization's critical mobility data points – from office, drivers, routes, points-of-interest, logistic-network, vehicles, trailers, containers and cargo. The SAAS platform analyzes the raw data converting it into valuable information for Pointer's customers providing them with actionable insights and thus enabling the customers to improve their bottom line and increase their profitability.
